INDEX

THE INDIAN ACADEMY OF SCIENCES
BANGALORE 560 080

Proceedings (Plant Sciences)

Vol. 89, January-December 1980

SUBJECT INDEX (Plant Sciences)

Abelmoschus esculentus
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315
Acylesterase
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315
Adaptation
Cytogenetic studies on the weed species of *Eupatorium* found in Meghalaya, India 237
Age-related size increase
Developmental anatomy of some oil-yielding plants III. The seedling shoot apex 7
Air-spora
Aeromycology of cotton fields. Sampling through cylinder spore trap 15
Air spora of groundnut fields 269
Alkaloid production
Effect of micronutrients and their interactions on growth and alkaloid production in *Catharanthus roseus* (L.) G. Don. 197
Amylase
Light-mediated amylase synthesis in the petal epidermis of gladiolus 323
Anatomy
Morphological and anatomical studies of the floral gall of *Pongamia glabra* Vent. Fabaceae (Papilionaceae) 331
Anomocytic
Ontogeny of stomata in some Nymphaeaceae 437
Apical activity
Studies in Pteridophytes. XVII. Ontogenetic study on the shoot apex of *Botrychium lanuginosum* (Wall.) 29
Apical dominance
Role of cytokinins during apical dominance release by morphactin in *Glycine max* L. 375
Apical organisation
Apical organisation and vascular differentiation in *Microlepia* in relation to stelar architecture 381
Apparent recovery
Nutrient uptake of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 257
Arachia hypogaea
Effect of potassium deficiency on growth and metabolism of peanut (*Arachis hypogaea* L.) plants 415
Ascomycete
Saitoa, a new genus of Plectomycetes 185
Ascorbic acid
Chemotaxonomic studies in Cynodon dactylon (L.) Pers. Complex II. Flavonoid patterns and ascorbic acid content 193
Asexual reproduction
Studies on the life cycle and ecology of *Salvinia molesta* Mitchell 519

Beeta carotene
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Belamcanda chinensis
Embryological studies in *Eleutherine plicata* Herb. and *Belamcanda chinensis* Lem. 361
Bignoniaceae
Studies in Bignoniaceae VII. Wood anatomy 443
Biomass
Studies on the ecology of *Salvinia molesta* Mitchell B. Faunal associates of lentic and lotic habitats 505
Blue-green alga
Growth potential of *Spirulina*, a blue green alga in sewage 203
Botrychium lanuginosum
Studies in Pteridophytes. XVII. Ontogenetic study on shoot apex of *Botrychium lanuginosum* (Wall.) 29
Brassica oleracea var. *botrytis*
Stomata in the pericarp of *Brassica oleracea* var. *botrytis* Linn. and *Eruca sativa* Mill 23
Brown spot of rice
Effect of pre-inoculation treatments with some heavy metal salts and amino acids on brown spot disease in rice seedlings 283

Calcium nutrition
Comparative biology of two closely related species of Euphorbia—Competitive relationships 421
Callus tissue
Culturing *Sclerospora sorghi* in callus tissue of sorghum 131

Capsicum annuum
Histochemical study of *Capsicum annum* L. root galls incited by *Meloidogyne incognita* Chitwood 109
Carbohydrates
Influence of kinetin and morphactin on changes in sex expression, carbohydrate and nitrogen fractions in castor (*Ricinus communis* L.) 457
Carotenoids
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Catechins
Effect of some proanthocyanidins and catechins on the growth of *Lemna paucicostata* Hegelm. 73
Catharanthus roseus
Effect of micronutrients and their interactions on growth and alkaloid production in *Catharanthus roseus* (L.) G. Don. 197
Cephaleuros
Numerical taxonomic studies on the genus *Cephaleuros* Kunze 473
Chemodynamics
Impact monitoring of pesticide residues : Rice plant (*Oryzae sativa* L.) 123
Chemotaxonomy
Chemotaxonomic studies in Cynodon dactylon (L.) Pers. Complex II. Flavonoid patterns and ascorbic acid content 193
Chickpea
Inheritance of some qualitative characters in chickpea (*Cicer arietinum* L.) 497
Chlorophyll
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Chlorophytum
Reproductive isolation between *Chlorophytum glaucum* Dalz. and *C. glaucoides* Blatt. 465
Chromosomes
EMS induced A and B chromosome translocation in pearl millet 37
Cluster analysis
Numerical taxonomic studies on the genus *Cephaleuros* Kunze 473
Comparative biology
Comparative biology of two closely related species of *Euphorbia*—Competitive relationships 421
Continuous culture
Growth potential of *Spirulina*, a blue green alga in sewage 203
Crotalaria
Trichomes occurring on floral parts in some Indian and African species of *Crotalaria* 229
Crotalaria juncea
Translocation of Southern sunnhemp mosaic virus in *Crotalaria juncea* L. 57
Culturing
Culturing *Sclerospora sorghi* in callus tissue of sorghum 131
Cuscuta
Floral anatomy and embryology of some species of *Cuscuta* L. 219
Cyclic submergence
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243
Nutrient uptake of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 257
Cylinder spore-trap
Aeromycology of cotton fields. Sampling through cylinder spore trap 15
Cynodon dactylon (L.) Pers.
Chemotaxonomic studies in *Cynodon dactylon* (L.) Pers. Complex II. Flavonoid patterns and ascorbic acid content 193
Cytogenetics
Cytogenetic studies on the weed species of *Eupatorium* found in Meghalaya, India 237
Cytohistological zonation
Developmental anatomy of some oil-yielding plants III. The Seedling shoot apex 7
Cytokinins
Role of cytokinins during apical dominance release by morphactin in *Glycine max* L. 375
Cytology
Some observations on interspecific hybrids of *Solanum melongena* L. 117

Decomposition of mango leaves
Ecological and *in vitro* studies on the soil mycoflora of mango orchards 151
Delonix regia
Longevity of secondary phloem in *Delonix regia* Rafin 67
Dentella
Embryology of two species of *Dentella* (*Dentella repens* and *Dentella serpyllifolia*) 213
Developmental hiatus
On the origin of vascular cambium in dicotyledonous stems 1
Dicotyledonous stems
On the origin of vascular cambium in dicotyledonous stems 1
Diffuse porous
Studies in Bignoniaceae VII. Wood anatomy 443
Dilleniaceae
Pharmacognostic studies of *Dillenia indica* Linn. II—Fruit and seed 91
Dillenia indica
Pharmacognostic studies of *Dillenia indica* Linn. II—Fruit and seed 91

Dioscorea floribunda
Ontogeny and morphology of the tuber of *Dioscorea floribunda* Mart. et Gal. 47
Disparity index
Karyological annotation on *Limnophyton obtusifolium* (L.) Miq. 407
Diurnal peaks
Air spora of groundnut fields 269

Ecology
Ecological and *in vitro* studies on the soil mycoflora of mango orchards 151
Ecological and phytogeographical observations on the ferns and fern-allies of Nagpur block (Chamoli Garhwal), Western Himalayas 307
Comparative biology of two closely related species of *Euphorbia*—Competitive relationships 421
Eleutherine plicata
Embryological studies in *Eleutherine plicata* Herb. and *Belamcanda chinensis* Lem. 361
Embryology
Embryology of two species of *Dentella* (*Dentella repens* and *Dentella serpyllifolia*) 213
Floral anatomy and embryology of some species of *Cuscuta* L. 219
Embryological studies in *Eleutherine plicata* Herb. and *Belamcanda chinensis* Lem. 361
Enzymatic isolation
Isolation of intact mesophyll protoplasts from the leaves of higher plants for photosynthetic studies 79
Errata 78
Eruca sativa
Developmental anatomy of some oil-yielding plants III. The seedling shoot apex 7
Stomata in the pericarp of *Brassica oleracea* var. *botrytis* Linn. and *Eruca sativa* Mill 23
Eupatorium
Cytogenetic studies on the weed species of *Eupatorium* found in Meghalaya, India 237

Faunal associates
Studies on the ecology of *Salvinia molesta* Mitchell B. faunal associates of lentic and lotic habitats 505
Fern
On the identity and nomenclature of *Lindsaea heterophylla* Dryand. and *Linsaea heterophylla* Bedd. 179
Ecological and phytogeographical observations on the ferns and fern-allies of Nagpur block (Chamoli Garhwal), Western Himalayas 307
Flavonoids
Chemotaxonomic studies in *Cynodon dactylon* (L.) Pers. Complex II. Flavonoid patterns and ascorbic acid content 193
Floral anatomy
Floral anatomy and embryology of some species of *Cuscuta* L. 219
Floral gall
Morphological and anatomical studies of the floral gall of *Pongamia glabra* Vent. Fabaceae (=Papilionaceae) 331
Flower colour
Inheritance of some qualitative characters in chickpea (*Cicer arietinum* L.) 497
Flower physiology
Light-mediated amylase synthesis in the petal epidermis of gladiolus 323
Foliar sclereids
Comparative morphology and taxonomic value of foliar sclereids in *Garrya* Dougl. ex Lindley (Garryaceae) 347
Fruit
Pharmacognostic studies of *Dillenia indica* Linn. II—Fruit and seed 91
Structural design of the fruit of *Solanum tuberosum* L. 369
Fruit development
Seed and fruit development in *Vigna* 143
Fruit rotting
Histopathology of rotting fruits of orange and guava 491
Fungal taxonomy
Saitoa, a new genus of Plectomycetes 185

Gamma irradiation
Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango-ginger 173
Garrya
Comparative morphology and taxonomic value of foliar sclereids in *Garrya* Dougl. ex Lindley (Garryaceae) 347
Germination
Germination of Himalayan alpine and temperate *Potentilla* 61
Studies on salt tolerance of ragi (*Eleusine coracana* Gaertn). 1. Germination and free proline accumulation 481
Ginger
Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango-ginger 173
Gladiolus
Light-mediated amylase synthesis in the petal epidermis of gladiolus 323
Glycosidases
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315

Grain yield of rice
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243
Grapevine
Seasonal variation in mineral composition of Thompson Seedless and Perlette grapevines 105
Gravid females
Seasonal prevalence of the rice nematode, *Hirschmanniella mucronata* Das 1960 485
Growth
Effect of micronutrients and their interactions on growth and alkaloid production in *Catharanthus roseus* (L.) G. Don. 197
Growth of rice
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243
Growth potential
Growth potential of *Spirulina*, a blue green alga in sewage 203
Growth rates
Growth rates of *Salvinia molesta* Mitchell with special reference to salinity 161
Guard cell
Anomalous stomatal features in great millet 169
Guava
Histopathology of rotting fruits of orange and guava 491

Hadacidin
Role of cytokinins during apical dominance release by morphactin in *Glycine max* L. 375
Histochemistry
Histochemical study of *Capsicum annuum* L. root galls incited by *Meloidogyne incognita* Chitwood 109
Hoplolaimus indicus
Influence of age of rice plant at inoculation time on the build-up of the lance nematode (*Hoplolaimus indicus* Sher, 1963) 43

IAA-oxidase
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315
Induction of resistance
Effect of pre-inoculation treatments with some heavy metal salts and amino acids on brown spot disease in rice seedlings 283
Inheritance
Inheritance of some qualitative characters in chickpea (*Cicer arietinum* L.) 497
Interactions
Effect of micronutrients and their interactions on growth and alkaloid production in *Catharanthus roseus* (L.) G. Don. 197
Interspecific hybrids
Some observations on interspecific hybrids of *Solanum melongena* L. 117
Iridaceae
Embryological studies in *Eleutherine plicata* Herb. and *Belamcanda chinensis* Lem. 361

Karyo-ecotype
Karyological annotation on *Limnophyton obtusifolium* (L.) Miq. 407
K^+ deficiency
Effect of potassium deficiency on growth and metabolism of peanut (*Arachis hypogaea* L.) plants 415
Kinetin
Influence of kinetin and morphactin on changes in sex expression, carbohydrate and nitrogen fractions in castor (*Ricinus communis* L.) 457

Lance nematode
Influence of age of rice plant at inoculation time on the build-up of the lance nematode (*Hoplolaimus indicus* Sher, 1963) 43
Leaf
Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango-ginger 173
Lemna paucicostata
Effect of some proanthocyanidins and catechins on the growth of *Lemna paucicostata* Hegelm. 73
Limnophyton obtusifolium
Karyological annotation on *Limnophyton obtusifolium* (L.) Miq. 407
Lindsaea
On the identity and nomenclature of *Lindsaea heterophylla* Dryand and *Lindsaea heterophylla* Bedd. 179
Longevity
Longevity of secondary phloem in *Delonix regia* Rafin 67

Malate dehydrogenase
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315
Mango-ginger
Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango-ginger 173
Mango orchards
Ecological and *in vitro* studies on the soil mycoflora or mango orchards 151

Mechanical transmission
Rice necrosis mosaic 291
Meloidogyne incognita
Histochemical study of *Capsicum annuum* L. root galls incited by *Meloidogyne incognita* Chitwood. 109
Mesophyll protoplast
Isolation of intact mesophyll protoplasts from the leaves of higher plants for photosynthetic studies 79
Metabolism
Effect of potassium deficiency on growth and metabolism of peanut (*Arachis hypogaea* L.) plants 415
Microlepia
Apical organisation and vascular differentiation in *Microlepia* in relation to stelar architecture 381
Micronutrients
Effect of micronutrients and their interactions on growth and alkaloid production in *Catharanthus roseus* (L.) G. Don 197
Mineral composition
Seasonal variation in mineral composition of Thompson Seedless and Perlette grapevines 105
Monophenolase
Effect of light on the phenols and related enzymes in the development of fruit in brinjal 139
Morphactin
Role of cytokinins during apical dominance release by morphactin in *Glycine max* L. 375
Influence of kinetin and morphactin on changes in sex expressions, carbohydrate and nitrogen fractions in castor (*Ricinus communis* L.) 457
Morphology
Ontogeny and morphology of the tuber of *Dioscorea floribunda* Mart. et Gal 47
Morphological and anatomical studies of the floral gall of *Pongamia glabra* Vent. Fabaceae (=Papilionaceae) 331

Nitrogen fractions
Influence of kinetin and morphactin on changes in sex expression, carbohydrates and nitrogen fractions in castor (*Ricinus communis* L.) 457
Nitrogen yield
Nutrient uptake of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 257
Nucleolar-organiser
EMS induced A and B chromosome translocation in pearl millet 37
Numerical taxonomy
Numerical taxonomy in the genus *Setaria* (L.) Beauv. 401
Nymphaeaceae
Ontogeny of stomata in some Nymphaeaceae 437

O-diphenolase
Effect of light on the phenols and related enzymes in the development of fruit in brinjal 139
Oil-yielding plants
Developmental anatomy of some oil-yielding plants III. The seedling shoot apex 7
Ontogeny
Studies in Pteridophytes. XVII. Ontogenetic study on the shoot apex of *Botrychium lanuginosum* (Wall.) 29
Ontogeny and morphology of the tuber of *Dioscorea floribunda* Mart. et Gal 47
Orange
Histopathology of rotting fruits of orange and guava 491
Organic growth factors
Influence of trace elements and organic growth factors on the growth of *Penicillium crustosum* Thom. 301
Oryzae sativa L.
Impact monitoring of pesticide residues : Rice plant (*Oryzae sativa* L.) 123

Papilionaceae
Trichomes occurring on floral parts in some Indian and African species of *Crotalaria* 229
Morphological and anatomical studies of the floral gall of *Pongamia glabra* Vent. Fabaceae (=Papilionaceae) 331
Par boiling
Impact monitoring of pesticide residues : Rice plant (*Oryzae sativa* L.) 123
Peak period
Seasonal prevalence of the rice root nematode, *Hirschmanniella mucronata* Das 1960 485
Peanut
Effect of potassium deficiency on growth and metabolism of peanut (*Arachis hypogaea* L.) plants 415
Pearl millet
EMS induced A and B chromosome translocations in pearl millet 37
Penicillium crustosum
Influence of trace elements and organic growth factors on the growth of *Penicillium crustosum* Thom. 301
Pericarp
Stomata in the pericarp of *Brassica oleracea* var. *botrytis* Linn. and *Eruca sativa* Mill 23
Structural design of the fruit of *Solanum tuberosum* L. 369
Perigenous
Ontogeny of stomata in some Nymphaeaceae 437

Periplocaceae pollen-carriers
Pollen-carriers of periplocaceae and their systematic value 429
Perlette grapevine
Seasonal variation in mineral composition of Thompson Seedless and Perlette grapevines 105
Peroxidase
Effect of light on the phenols and related enzymes in the development of fruit in brinjal 139
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315
Pesticides
Impact monitoring of pesticide residues : Rice plant (*Oryzae sativa* L.) 123
Petal growth
Light-mediated amylase synthesis in the petal epidermis of gladiolus 323
Pharmacognosy
Pharmacognostic studies of *Dillenia indica* Linn. II—Fruit and seed 91
Phaseolus
Seed and fruit development in *Vigna* 143
Phenetic classification
Numerical taxonomy in the genus *Setaria* (L.) Beauv. 401
Phenolic compounds
Effect of light on the phenols and related enzymes in the development of fruit in brinjal 139
Phosphatases
Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench. 315
Photomorphogenesis
Light-mediated amylase synthesis in the petal epidermis of gladiolus 323
Photoperiod
Effect of light on the phenols and related enzymes in the development of fruit in brinjal 139
Photosynthesis
Isolation of intact mesophyll protoplasts from the leaves of higher plants for photosynthetic studies 79
Physical properties
Rice necrosis mosaic 291
Phytoalexin inducers
Effect of pre-inoculation treatments with some heavy metal salts and amino acids on brown spot disease in rice seedlings 283
Phytogeography
Ecological and phytogeographical observations on the ferns and fern-allies of Nagpur block (Chamoli Garhwal), Western Himalayas 307
Pigment biosynthesis
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Placental outgrowths
Structural design of the fruit of *Solanum tuberosum* L. 369
Plastoquinone
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Pongamia glabra
Morphological and anatomical studies of the floral gall of *Pongamia glabra* Vent. Fabaceae (=Papilionaceae) 331
Potassium deficiency
Effect of potassium deficiency on growth and metabolism of peanut (*Arachis hypogaea* L.) plants 415
Precursor phloem
Longevity of secondary phloem in *Delonix regia* Rafin 67
Proanthocyanidins
Effect of some proanthocyanidins and catechins on the growth of *Lemna paucicostata* Hegelm. 73
Procambium
On the origin of vascular cambium in dicotyledonous stems 1
Productive efficiency
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243
Proline
Studies on salt tolerance of ragi (*Eleusine coracana* Gaertn.). 1. Germination and free proline accumulation 481
Prostrate growth
Inheritance of some qualitative characters in chickpea (*Cicer arietinum* L.) 497
Pteridophytes
Studies in Pteridophytes. XVII. Ontogenetic study on the shoot apex of *Botrychium lanuginosum* (Wall.) 29
Purple foliage
Inheritance of some qualitative characters in chickpea (*Cicer arietinum* L.) 497

Ragi
Studies on salt tolerance of ragi (*Eleusine coracana* Gaertn). 1. Germination and free proline accumulation 481
Raw sewage medium
Growth potential of *Spirulina*, a blue green alga in sewage 203
Reduction
Ontogeny of stomata in some Nymphaeaceae 437

Removal of residues by sun drying
Impact monitoring of pesticide residues : Rice plant (*Oryzae sativa* L.) 123
Reproductive isolation
Reproductive isolation between *Chlorophytum glaucum* Dalz. and *C. glaucoides* Blatt. 465
Residue analysis
Impact monitoring of pesticide residues: Rice plant (*Oryzae sativa* L.) 123
Rice necrosis mosaic virus
Rice necrosis mosaic 291
Rice plant
Influence of age of rice plant at inoculation time on the build-up of the lance nematode (*Hoplolaimus indicus* Sher, 1963) 43
Rice variety
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243
Root nematode
Seasonal prevalence of the rice root nematode *Hirschmanniella mucronata* Das 1960 485
Rubiaceae
Embryology of two species of *Dentella* (*Dentella repens* and *Dentella serpyllifolia*) 213

Salinity
Studies on salt tolerance of ragi (*Eleusine coracana* Gaertn). 1. Germination and free proline accumulation 481
Salinity tolerance
Growth rates of *Salvinia molesta* Mitchell with special reference to salinity 161
Salvinia molesta
Growth rates of *Salvinia molesta* Mitchell with special reference to salinity 161
Studies on the ecology of *Salvinia molesta* Mitchell B. faunal associates of lentic and lotic habitats 505
Salvinia molesta Mitchell
Studies on the life cycle and ecology of *Salvinia molesta* Mitchell 519
Sclerospora sorghi
Culturing *Sclerospora sorghi* in callus tissue of sorghum 131
Seasonal fluctuations
Studies on the ecology of *Salvinia molesta* Mitchell B. faunal associates of lentic and lotic habitats 505
Seasonal periodicity
Air spora of groundnut fields 269
Seasonal variation
Seasonal variation in mineral composition of Thompson Seedless and Perlette grapevines 105
Secondary phloem
Longevity of secondary phloem in *Delonix regia* Rafin 67
Seed
Germination of Himalayan alpine and temperate *Potentilla* 61
Seed coat
Inheritance of some qualitative characters in chickpea (*Cicer arietinum* L.) 497
Seed development
Seed and fruit development in *Vigna* 143
Seedling shoot apex
Developmental anatomy of some oil-yielding plants III. The seedling shoot apex 7
Sesamum indicum
Developmental anatomy of some oil-yielding plants III. The seedling shoot apex 7
Setaria (L.) Beauv.
Numerical taxonomy in the genus *Setaria* (L.) Beauv. 401
Sex expression
Influence of kinetin and morphactin on changes in sex expression, carbohydrate and nitrogen fractions in castor (*Ricinus communis* L.) 457
Shoot apex
Studies in Pteridophytes. XVII. Ontogenetic study on the shoot apex of *Botrychium lanuginosum* (Wall.) 29
Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango-ginger 173
Soil mycoflora
Ecological and *in vitro* studies on the soil mycoflora of mango orchards 151
Soil transmission
Rice necrosis mosaic 291
Solanum melongena
Effect of light on the phenols and related enzymes in the development of fruit in brinjal 139
Solanum melongena L.
Some observations on interspecific hybrids of *Solanum melongena* L. 117
Solanum tuberosum
Structural design of the fruit of *Solanum tuberosum* L. 369
Sorghum
Culturing *Sclerospora sorghi* in callus tissue of sorghum 131
Southern sunnhemp mosaic virus
Translocation of southern sunnhemp mosaic virus in *Crotalaria juncea* L. 57
Soybean
Role of cytokinins during apical dominance release by morphactin in *Glycine max* L. 375

Species composition
Studies on the ecology of *Salvinia molesta* Mitchell B. faunal associates of lentic and lotic habitats 505
Spirulina platensis
Growth potential of *Spirulina*, a blue green alga in sewage 203
Spore types
Aeromycology of cotton fields. Sampling through cylinder spore trap 15
Sporocarp
Studies on the life cycle and ecology of *Salvinia molesta* Mitchell 519
Stelar architecture
Apical organisation and vascular differentiation in *Microlepia* in relation to stelar architecture 381
Stoma
Anomalous stomatal features in great millet 169
Stomata
Stomata in the pericarp of *Brassica oleracea* var. *botrytis* Linn. and *Eruca sativa* Mill 23
Stomatal complex
Anomalous stomatal features in great millet 169
Stomatal ontogeny
Ontogeny of stomata in some Nymphaeaceae 437
Subsidiary cell
Anomalous stomatal features in great millet 169
Systematic importance
Pollen-carriers of periplocaceae and their systematic value 429

Taxonomical importance
Germination of Himalayan alpine and temperate *Potentilla* 61
Taxonomy
Numerical taxonomic studies on the genus *Cephaleuros* Kunze 473
Terpenoid derivatives
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Thompson Seedless
Seasonal variation in mineral composition of Thompson Seedless and Perlette grapevine 105
Trace elements
Influence of trace elements and organic growth factors on the growth of *Penicillium crustosum* Thom. 301
Translocation
EMS induced A and B chromosome translocation in pearl millet 37
Translocation of southern sunnhemp mosaic virus in *Crotalaria juncea* L. 57
Trichomes
Trichomes occurring on floral parts in some Indian and African species of *Crotalaria* 229
Tuber
Ontogeny and morphology of the tuber of *Dioscorea floribunda* Mart. et Gal. 47
Turmeric
Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango-ginger 173
Turnover of pigments
Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker. 395
Typology
Comparative morphology and taxonomic value of foliar sclereids in *Garrya* Dougl. ex Lindley (Garryaceae) 347

Vascular cambium
On the origin of vascular cambium in dicotyledonous stems 1
Vascular differentiation
Apical organisation and vascular differentiation in *Microlepia* in relation to stelar architecture 381
Vegetative propagation
Studies on the life cycle and ecology of *Salvinia molesta* Mitchell 519
Vigna
Seed and fruit development in *Vigna* 143

Water management
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243
Weed
Cytogenetic studies on the weed species of *Eupatorium* found in Meghalaya, India 237
Weed biology
Comparative biology of two closely related species of *Euphorbia*—Competitive relationships 421
Weed control
Growth rates of *Salvinia molesta* Mitchell with special reference to salinity 161
Wood anatomy
Studies in Bignoniaceae VII. Wood anatomy 443

X-bodies
Rice necrosis mosaic 291

Yield-container
Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management 243

AUTHOR INDEX (Plant Sciences)

Aidrolin Khonglam
Cytogenetic studies on the weed species of *Eupatorium* found in Meghalaya, India 237
Anand N
Numerical taxonomic studies on the genus *Cephaleuros* Kunze 473

SUBJECT INDEX (Animal Sciences)

Abdominal ganglion
Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heterometrus fulvipes* 29

Acceleration
Utilisation of carbohydrates in the heart of the scorpion *Heterometrus fulvipes* (C L Koch) 109

Acetes spp.
Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda, Sergestidae) from the estuarine system of river Krishna 253

Acridids
Numerical variations of chromosomes in the natural populations of Indian acridids 113

Acrotylus humbertianus
Numerical variations of chromosomes in the natural populations of Indian acridids 113

Acute toxicity
Acute toxicity of five synthetic detergents to *Channa punctatus* and *Saccobranchus fossilis* 75

Adaptive behaviour
Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata* 101

Additives
Laboratory evaluation of poison-base for the control of *Funambulus pennanti* 227

A. erythraeus
Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda, Sergestidae) from the estuarine system of river Krishna 253

Aggressive interaction
Aggressive interactions among wild and domestic rodents 351

A. indicus
Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda, Sergestidae), from the estuarine system of river Krishna 253

Air breathing
Air breathing of *Colisa fasciata* (Schneider) 21

Air-breathing teleosts
Changes of chemical composition of water in two fish farming ponds with air-breathing teleosts 1

A. japonicus
Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda and Sergestidae) from the estuarine system of river Krishna 253

Alpha male rhesus
Changes in home ranges of rhesus monkey (*Macaca mulatta*) groups living in natural habitats 515

Ambient oxygen
Influence of ambient oxygen on random activity in some freshwater teleosts 537

Amicability
Aggressive interactions among wild and domestic rodents 351

Ammonia detoxification
Effect of *in vivo* muscular stimulations VII: Some aspects of ammonia metabolism of amphibian brain during muscular exercise and training 377

Anabus testudineus
Changes of chemical composition of water in two fish farming ponds with air-breathing teleosts 1

Anatomy
Copepod parasites of fishes of Waltair coast: Anatomy of the female reproductive system of *Pseudocycnus appendiculatus* Heller, 1865 431

Anatomy, histology and some aspects of histochemistry of the stomach in two primitive Microchiroptera 563

Angle glands
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467

Aphids
Effect on the growth and yield due to the aphid, *Dactynotus sonchi* Linn. in safflower 347

Apocrine sudoriferous glands
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467

Araneidae
Studies on spiders of the genus *Zygeilla* Cambridge from India (Araneae: Araneidae) 243

Arousal
Paper shredding behaviour of the Indian gerbil, *Tatera indica indica* (Hardwicke) 9

Ascothoracica
Larvae of *Myriocladus astropectinis* (Yosii 1931) (Ascothoracica) reared under laboratory conditions 575

A. sibogae
Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda, Sergestidae) from the estuarine system of river Krishna 253
Asphyxiation
Air breathing of *Colisa fasciata* (Schneider) 21

Bagridae
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557
Bait preference
Laboratory evaluation of poison-base for the control of *Funambulus pennanti* 227
Bait-shyness
Responses of *Rattus rattus* L. to foods previously used in a mixture for poisoning with zinc phosphide 215
Zinc phosphide and vacor induced bait shyness and its persistence in *Mus platythrix* 221
Bandicota bengalensis
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
Aggressive interactions among wild and domestic rodents 351
Barbatia obliquata
Chemical nature of shell in *Barbatia obliquata* (Gray), *Modiolus metcalfei* (Henley), *Pinna vexillium* (Born) and *Multilopsis sallei* (Recluz) 449
Biomass
Effect of copper contaminated food on the growth (biomass) of *Channa gachua* (Ham.) 403
Bird
Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens* 133
Body composition
Environmental restraints on the food conversion of cyprinid forage fishes : Influence of availability of food on Rasbora daniconius (Hamilton) 165
Brachiella trichiuri
Morphology of the copepodid stage of three marine lernaeopodids (Crustacea : Copepoda) from the South-West Coast of India 155
Brain
Effect of *in vivo* muscular stimulations VII : Some aspects of ammonia metabolism of amphibian brain during muscular exercise and training 377
Bully-effect
Aggressive interactions among wild and domestic rodents 351

Calorific requirement
Laboratory evaluation of poison-base for the control of *Funambulus pennanti* 227
Carassius aurotus
Influence of ambient oxygen on random activity in some freshwater teleosts 537
Carbohydrates
Utilisation of carbohydrates in the heart of the scorpion *Heterometrus fulvipes* (C L Koch) 109
Carcinogen
Mutagenic effects of certain common metal toxicants on mammalian systems 311
Carp hybrids
On the taxonomic characters of two major carp hybrids, catla-rohu and rohu-catla 419
Castration
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Catla-rohu
On the taxonomic characters of two major carp hybrids, catla-rohu and rohu-catla 419
Cestode infection
Metabolic disturbances caused by *Raillietina tetragona* (Cestode) infection in domestic fowl : Effect of infection on certain aspects of protein metabolism 543
Channa gachua
Effect of copper contaminated food on the growth (biomass) of *Channa gachua* (Ham.) 403

Channa punctata
Two new species of trypanosomes, *Trypanosoma channai* n. sp. from *Channa punctata* and *Trypanosoma qadrii* n. sp. from *Clarias batrachus* 371
Channa punctatus
Acute toxicity of five synthetic detergents to *Channa punctatus* and *Saccobranchus fossilis* 75
Charopinus-group
Morphology of the male of *Pseudocharopinus narcinae* (Pillai) (Copepoda : Lernaeopodidae) 441

Chemical composition
Seasonal variations in the chemical composition of the catfish, *Heteropneustes fossilis* (Bloch) 191
Chemical nature
Chemical nature of shell in *Barbatia obliquata* (Gray), *Modiolus metcalfei* (Henley), *Pinna vexillum* (Born) and *Mytilopsis sallei* (Recluz) 449

Chromosomal polymorphism
Mitotic complement, salivary chromosome map and chromosomal polymorphism in *Drosophila jambulina* Parshad and Paika 39
Chromosomes
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557

Chromosome variations
Numerical variations of chromosomes in the natural populations of Indian acridids 113
Cirrhina mrigala
Myxobolus vanivilasae n. sp. parasitic in *Cirrhina mrigala* (Hamilton) 485
Clarias batrachus
Two new species of trypanosomes, *Trypanosoma channai* n. sp. from *Channa punctata* and *Trypanosoma qadrii* n. sp. from *Clarias batrachus* 371
Climate
Influence of climate on the population of three milkweed bugs in South India (Heteroptera : Lygaeidae) 589
Cobalt chloride technique
Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heterometrus fulvipes* 29
Colisa fasciata
Air breathing of *Colisa fasciata* (Schneider) 21
Colour variation
Description of a new species of spider of the genus *Neoscona* (Family : Araneidae) from India and some observations on intraspecific colour variation 247
Conversion
Environmental restraints on the food conversion of cyprinid forage fishes : Influence of availability of food on *Rasbora daniconius* (Hamilton) 165
Conversion rate
Studies on life span, growth increments and energy budget of the freshwater snail *Pila globosa* (Swainson) in an artificial pond 275
Copepoda
Morphology of the copepodid stage of three marine lernaeopodids (Crustacea : Copepoda) from the South-West Coast of India 155
Morphology of the male of *Pseudocharopinus narcinae* (Pillai) (Copepoda : Lernaeopodidae) 441
Copepoda
Copepod parasites of fishes of Waltair coast : Anatomy of the female reproductive system of *Pseudocycnus appendiculatus* Heller, 1865 431
Copepodid stage
Morphology of the copepodid stage of three marine lernaeopodids (Crustaceae: Copepoda) from the South-West Coast of India 155
Copper
Effect of copper contaminated food on the growth (Biomass) of *Channa gachua* (Ham.) 403
Corpus allatum
Association of ocelli with the neuroendocrine system of *Therea petiveriana* (L.) (Blaberoidea : Polyphagidae) 147
Corpus cardiacum
Association of ocelli with the neuroendocrine system of *Therea petiveriana* (L.) (Blaberoidea : Polyphagidae) 147
Corvus splendens
Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens* 133
Creeping
Development of orienting behaviour in the Indian gerbil *Tatera indica indica* (Hardwicke) 613
Crow
Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens* 133
Cultural practices
Changes of chemical composition of water in two fish farming ponds with air-breathing teleosts 1
Cyprid
Larvae of *Myriocladus astropectinis* (Yosii 1931) (Ascothoracica) reared under laboratory conditions 575
Cyprinidae
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557

Dactynotus sonchi Linn
Effect on the growth and yield due to the aphid, *Dactynotus sonchi* Linn. in safflower 347
Dicyemid mesozoan
A new dicyemid mesozoan, *Dodecadicyema loligoi*, n. gen. n. sp. from the renal appendages of *Loligo sp.* 287
Diptera
Records of two known and one new species of *Drosophila* (Drosophilidae : Diptera) from India 85
Drosophila fauna of Nagarhole, South India, including description of a new species (Diptera : Drosophilidae) 235
Displacement behaviour
Paper shredding behaviour of the Indian gerbil, *Tatera indica indica* (Hardwicke) 9
Diurnal fluctuation
Diurnal fluctuations in the physico-chemical conditions of the Shatt al-Arab and the Ashar Canal 171
Dodecadicyema loligoi n. gen. n. sp.
A new dicyemid mesozoan, *Dodecadicyema loligoi* n. gen. n. sp. from the renal appendages of *Loligo* sp. 287

Domestic fowl
Metabolic disturbances caused by *Raillietina tetragona* (Cestoda) infection in domestic fowl : Effect of infection on certain aspects of protein metabolism 543
Drosophila
Studies on the ontogenetic changes in the isozymes in *Drosophila nasuta nasuta* and *Drosophila sulfurigaster neonasuta* 333
Drosophila coei
Records of two known and one new species of *Drosophila* (Drosophilidae : Diptera) from India 85
Drosophila fauna
Drosophila fauna of Nagarhole, South India, including description of a new species (Diptera : Drosophilidae) 235
Drosophila jambulina
Mitotic complements, salivary chromosome map and chromosomal polymorphism in *Drosophila jambulina* Parshad and Paika 39
Drosophila mediobandes
Records of two known and one new species of *Drosophila* (Drosophilidae : Diptera) from India 85
Drosophila nasuta
Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup 197
Drosophila nasuta nasuta
Studies on the ontogenetic changes in the isozymes in *Drosophila nasuta nasuta* and *Drosophila sulfurigaster neonasuta* 333
Drosophila obscuricornis
Records of two known and one new species of *Drosophila* (Drosophilidae: Diptera) from India 85
Drosophila sulfurigaster neonasuta
Studies on the ontogenetic changes in the isozymes in *Drosophila nasuta nasuta* and *Drosophila sulfurigaster neonasuta* 333
Drosophilidae
Records of two known and one new species of *Drosophila* (Drosophilidae : Diptera) from India 85

Ecology
Temperature and relative humidity inside the mound of *Odontotermes obesus* (Rambur) (Isoptera : Termitidae) 91
Energy budget
Studies on life span, growth increments and energy budget of the freshwater snail *Pila globosa* (Swainson) in an artificial pond 275
Environmental factors
The testicular and epididymal changes in the soft-furred field rat, *Millardia meltada* (Gray) in relation to some environmental factors 303
Environmental relationship
Changes of chemical composition of water in two fish farming ponds with air-breathing teleosts 1
Evolution
Changes in home ranges of rhesus monkey (*Macaca mulatta*) groups living in natural habitats 515
Exercise
Effect of *in vivo* muscular stimulations VII : Some aspects of ammonia metabolism of brain during muscular exercise and training 377

Female reproductive system
Copepod parasites of fishes of Waltair coast : Anatomy of the female reproductive system of *Pseudocycnus appendiculatus* Heller, 1865 431
Fish fecundity
Relative fecundity of *Labeo gonius* (Ham.) from Nanaksagar reservoir 493
Fitness
Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata* 101
Flank gland
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Follicular epithelium
Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens* 133
Food availability
Environmental restraints on the food conversion of cyprinid forage fishes : Influences of availability of food on *Rasbora daniconius* (Hamilton) 165
Food preferences
Responses of *Rattus rattus* L. to foods previously used in a mixture for poisoning with zinc phosphide 215
Frog
Effect of *in vivo* muscular stimulations VII : Some aspects of ammonia metabolism at amphibian brain during muscular exercise and training 377
Funambulus pennanti
Laboratory evaluation of poison-base for the control of *Funambulus pennanti* 227

Garra lamta
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557
Genetic distance
Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup 197

Genetic identity
Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup 197
Giant motor neutrons
Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heterometrus* fulvipes 29
Gonadal cell kinetics
Gonadal cell kinetics to male mice treated with sulphur 35 during prenatal development 527
Gripping
Functional morphology of the fossula spongiosa in some reduviids (Insecta-Heteroptera-Reduviidae) 457
Growth kinetics
Changes of chemical composition of water in two fish farming ponds with air-breathing teleosts 1
Guinea pig
Tissue changes in the pancreas of guinea pigs immunized with insulin 505

Haematology
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
Haematorrhophus nigrovioloceus
Models for the predatory behaviour of some reduviids from Southern India (Insecta-Heteroptera-Reduviidae) 387
Heart rate
Utilisation of carbohydrates in the heart of the scorpion *Heterometrus fulvipes* (C L Koch) 109
***Heliothis armigera* Hubner**
Life fecundity tables for *Heliothis armigera* Hubner (Lepidoptera : Noctuidae) on sorghum earhead 69
Life table for the gram pod borer, *Heliothis armigera* Hbn. on three pulse corps 585
Hemidactylus prashadi
A new species of *Proteromonas*, *P. grassei* n. sp. from the gut of *Hemidactylus prashadi* Smith 293
Heteromastus similis
Ecology of *Heteromastus similis* Southern 1921 (Polychaeta : Capitellidae) in the Vasishta Godavari estuary 407
Heterometrus fulvipes
Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heterometrus fulvipes* 29
Utilisation of carbohydrates in the heart of the scorpion *Heterometrus fulvipes* (C L Koch) 109
Heteropneustes fossilis
Seasonal variations in the chemical composition of the catfish, *Heteropneustes fossilis* (Bloch) 191
High annual floods
Ecology of *Heteromastus similis* Southern 1921 (Polychaeta : Capitellidae) in the Vasishta Godavari estuary 407
Hillstream fishes
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557
Histochemistry
Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens* 133
Tissue changes in the pancreas of guinea pigs immunized with insulin 505
Anatomy, histology and some aspects of histochemistry of the stomach in two primitive Microchiroptera 563
Histology
Anatomy, histology and some aspects of histochemistry of the stomach in two primitive Microchiroptera 563
Holocrine sebaceous glands
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Home range
Changes in home ranges of rhesus monkey (*Macaca mulatta*) groups living in natural habitats 515
Hormonal control
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Hypotrophy
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Hypoxia
Influence of ambient oxygen on random activity in some freshwater teleosts 537

Immune insulitis
Tissue changes in the pancreas of guinea pigs immunized with insulin 505
Indian gerbil
Paper shredding behaviour of the Indian gerbil, *Tatera indica indica* (Hardwicke) 9
Inhibition
Utilisation of carbohydrates in the heart of the scorpion *Heterometrus fulvipes* (C L Koch) 109
Instantaneous growth rate
Studies on life span, growth increments and energy budget of the freshwater snail *Pila globosa* (Swainson) in an artificial pond 275

Insulin immunization
Tissue changes in the pancreas of guinea pigs immunized with insulin 505
Intruder
Aggressive interactions among wild and domestic rodents 351
Islets of Langerhans
Tissue changes in the pancreas of guinea pigs immunized with insulin 505
Isobranchia appendiculata
Morphology of the copepodid stage of three marine lernaeopodids (Crustacea : Copepoda) from the South-West Coast of India 155
Isoptera
A new species of septate gregarine, *Sphaerocystis odontotermi* n. sp. from the gut of a xylophagous termite, *Odontotermes* sp. 25
Isozyme
Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup 197
Studies on the ontogenetic changes in the isozymes in *Drosophila nasuta nasuta* and *Drosophila sulfurigaster neonasuta* 333

Juvenoid administration
The effect of topical and oral administration of a juvenoid to the last instar larva of *Spodoptera litura* Fabr. 359

Karyotypes
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557
Krishna estuary
Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda, Sergestidae) from the estuarine system of river Krishna 253

Labeo gonius
Relative fecundity of *Labeo gonius* (Ham.) from Nanaksagar reservoir 493
Lactate dehydrogenase isozymes
Properties of lactate dehydrogenase isozymes in *Rana hexadactyla*, *Rana tigrina* and *Rana cyanophlyctis* 53
Last larval instar
The effect of topical and oral administration of a juvenoid to the last instar larva of *Spodoptera litura* Fabr. 359
Lernaeopodidae
Morphology of the male of *Pseudocharopinus narcinae* (Pillai) (Copepoda : Lernaeopodidae) 441
Lernaeopodids
Morphology of the copepodid stage of three marine lernaeopodids (Crustacea : Copepoda) from the South-West Coast of India 155
Lethal dose
Effects of x-irradiation on some aspects of protein metabolism in the frog, *Rana hexadactyla* 381
Life fecundity tables
Life fecundity tables for *Heliothis armigera* Hubner (Lepidoptera : Noctuidae) on sorghum earhead 69
Life-span
Studies on life span, growth increments and energy budget of the freshwater snail *Pila globosa* (Swainson) in an artificial pond 275
Life table
Life table for the gram pod borer, *Heliothis armigera* Hbn. on three pulse corps 585
Loligo sp.
A new dicyemid mesozoan, *Dodecadicyema loligoi* n. gen. n. sp. from the renal appendages of *Loligo* sp. 287
Lymphocytes
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183

Macaca mulatta
Changes in home ranges of rhesus monkey (*Macaca mulatta*) groups living in natural habitats 515
Malamoeba indica
Malamoeba indica n. sp. from the Malpighian tubules of *Poecilocera picta* 141
Male of *Pseudocharopinus narcinae*
Morphology of the male of *Pseudocharopinus narcinae* (Pillai) (Copepoda : Lernaeopodidae) 441
Malpighian tubules
Malamoeba indica n. sp. from the Malpighian tubules of *Poecilocera picta* 141
Mammalian genetics
Mutagenic effects of certain common metal toxicants on mammalian systems 311
Maternal processes
Development of orienting behaviour in the Indian gerbil *Tatera indica indica* (Hardwicke) 613
Metal toxicity
Mutagenic effects of certain common metal toxicants on mammalian systems 311
Mice
Gonadal cell kinetics in male mice treated with sulphur-35 during prenatal development 527
Microchiroptera
Anatomy, histology and some aspects of histochemistry of the stomach in two primitive Microchiroptera 563
Milkweed bugs
Influence of climate on the population of three milkweed bugs in South India (Heteroptera : Lygaeidae) 589

Millardia meltada
The testicular and epididymal changes in the soft-furred field rat, *Millardia meltada* (Gray) in relation to some environmental factors 303
Mitotic chromosomes
Mitotic complement, salivary chromosome map and chromosomal polymorphism in *Drosophila jambulina* Parshad and Paika 39
Modiolus metcalfei
Chemical nature of shell in *Barbatia obliquata* (Gray), *Modiolus metcalfei* (Henley), *Pinna vexillum* (Born) and *Mytilopsis sallei* (Recluz) 449
Monacanthus monoceros
On the occurrence of *Prosogonotrema carangi* Velasquez 1961 in the teleost *Monacanthus monoceros* (Day) of Waltair Coast with a note on the family *Prosogonotrematidae* 297
Morphology
Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens* 133
Morphophenotypic complex
Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup 197
Mouthparts
Development of mouthparts in the tadpoles of *Rana tigrina* Daud. 127
Mus platythrix
Zinc phosphide and vacor induced bait shyness and its persistence in *Mus platythrix* 221
Mutagenesis
Mutagenic effects of certain common metal toxicants on mammalian systems 311
Myriocladus astropectinis
Larvae of *Myriocladus astropectinis* (Yosii 1931) (Ascothoracica) reared under laboratory conditions 575
Mystus cavassius
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557
Mytilopsis sallei
Chemical nature of shell in *Barbatia obliquata* (Gray) *Modiolus metcalfei* (Henley), *Pinna vexillum* (Born) and *Mytilopsis sallei* (Recluz) 449
Myxobolus vanivilasae n. sp.
Myxobolus vanivilasae n.sp. parasitic in *Cirrhina mrigala* (Hamilton) 485

Nasuta subgroup
Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup 197
Neoscona mukerjei
Description of a new species of spider of the genus *Neoscona* (Family : Araneidae) from India and some observations on intraspecific colour variation 247
Nest-building
Paper shredding behaviour of the Indian gerbil, *Tatera indica indica* (Hardwicke) 9
Nesting material
Paper shredding behaviour of the Indian gerbil *Tatera indica indica* (Hardwicke) 9
Neurosecretory cells
Association of ocelli with the neuroendocrine system of *Therea petiveriana* (L.) (Blaberoidea : Polyphagidae) 147
Neutrophils
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
New species
Quinisulcius punici (Tylenchorhynchidae : Tylenchida) a new nematode species from India 415
Nosema limbata n.sp.
Two new species of microsporidia from the larvae of *Tramea limbata* (Odonata : Insecta) 531

Ocellar nerves
Association of ocelli with the neuroendocrine system of *Therea petivariana* (L.) (Blaberoidea : Polyphagidae) 147
Odontotermes sp.
A new species of septate gregarine, *Sphaerocystis odontotermi* n.sp. from the gut of a xylophagous termite, *Odontotermes* sp. 25
One-zero sampling
Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata* 101
Ontogenetic development
Development of orienting behaviour in the Indian gerbil *Tatera indica indica* (Hardwicke) 613
Ontogeny
Studies on the ontogenetic changes in the isozymes in *Drosophila nasuta nasuta* and *Drosophila sulfurigaster neonasuta* 333
Oral administration
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Oral lip
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Organic pollution indicator
Ecology of *Heteromastus similis* Southern 1921 (Polychaeta : Capitellidae) in the Vasishta Godavari estuary 407

Organophosphorus insecticides
Biological performance of some organophosphorus insecticides against *Quadraspidiotus perniciosus* Comstock on apple 597
Orienting
Development of orienting behaviour in the Indian gerbil *Tatera indica indica* (Hardwicke) 613
Oxyanitidula
Numerical variations of chromosomes in the natural populations of Indian acridids 113

Pancreas
Tissue changes in the pancreas of guinea pigs immunized with insulin 505
Parasites
Copepod parasites of fishes of Waltair coast : Anatomy of the female reproductive system of *Pseudocycnus appendiculatus* Heller, 1865 431
Perineal gland
Effect of castration and oral administration of sex hormones of some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467
Persistence
Biological performance of some organophosphorus insecticides against *Quadraspidiotus perniciosus* Comstock on apple 597
Physico-chemical changes
Diurnal fluctuations in the physico-chemical conditions of the Shatt al-Arab and the Ashar Canal 171
Pila globosa
Studies on life span, growth increments and energy budget of the freshwater snail *Pila globosa* (Swainson) in an artificial pond 275
Pinna vexillum
Chemical nature of shell in *Barbatia obliquata* (Gray), *Modiolus metcalfei* (Henley), *Pinna vexillum* (Born) and *Mytilopsis sallei* (Recluz) 449
Pirates affinis
Models for the predatory behaviour of some reduviids from Southern India (Insecta-Heteroptera-Reduviidae) 387
Pisces
Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces) 557
Pivoting
Development of orienting behaviour in the Indian gerbil *Tatera indica indica* (Hardwicke) 613
Platelets
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
Poecilocera picta
Malamoeba indica n.sp. from the Malpighian tubules of *Poecilocera picta* 141
Poison-base
Laboratory evaluation of poison-base for the control of *Funambulus pennanti* 227
Pollutants
Mutagenic effects of certain common metal toxicants on mammalian systems 311
Population trend
Influence of climate on the population of three milkweed bugs in South India (Heteroptera : Lygaeidae) 589
Postelectrotermes nayari
Tergal gland and its probable role in sex attraction in the termite, *Postelectrotermes nayari* 551
Post-irradiation
Effects of x-irradiation on some aspects of protein metabolism in the frog, *Rana hexadactyla* 381
Predatory behaviour models
Models for the predatory behaviour of some reduviids from Southern India (Insecta-Heteroptera-Reduviidae) 387
Prenatal development
Gonadal cell kinetics in male mice treated with sulphur-35 during prenatal development 527
Prosogonotrema carangi Velasquez 1961
On the occurrence of *Prosogonotrema carangi* Velasquez 1961 in the teleost *Monacanthus monoceros* (Day) of Waltair Coast with a note on the family *Prosogonotrematidae* 297
Prosogonotrematidae
On the occurrence of *Prosogonotrema carangi* Velasquez 1961 in the teleost *Monacanthus monoceros* (Day) of Waltair Coast with a note on the family *Prosogonotrematidae* 297
Protease activity
Effects of x-irradiation on some aspects of protein metabolism in the frog, *Rana hexadactyla* 381
Protein metabolism
Metabolic disturbances caused by *Raillietina tetragona* (Cestoda) infection in domestic fowl : Effect of infection on certain aspects of protein metabolism 543
Proteromonas grassei n.sp.
A new species of *Proteromonas*, *P. grassei* n.sp. from the gut of *Hemidactylus prashadi* Smith 293
Pseudocharopinus narcinae
Morphology of the copepodid stage of three marine lernaeopodids (Crustacea : Copepoda) from the South-West Coast of India 155
Pseudocycnus appendiculatus
Copepod parasites of fishes of Waltair coast : Anatomy of the female reproductive system of *Pseudocycnus appendiculatus* Heller, 1865 431

Puntius sarana
Influence of ambient oxygen on random activity in some freshwater teleosts 537

Quinisulcius punici
Quinisulcius punici (Tylenchorhynchidae : Tylenchida) a new nematode species from India 415

Raillietina tetragona
Metabolic disturbances caused by *Raillietina tetragona* (Cestoda) infection in domestic fowl : Effect of infection on certain aspects of protein metabolism 543

Rana cyanophlyctis
Natural variation in the levels of ammonia, urea and some selected enzymes in hepatic tissue of *Rana hexadactyla*, *Rana tigrina* and *Rana cyanophlyctis* 47
Properties of lactate dehydrogenase isozymes in *Rana hexadactyla*, *Rana tigrina and Rana cyanophlyctis* 53

Rana hexadactyla
Natural variation in the levels of ammonia, urea and some selected enzymes in hepatic tissue of *Rana hexadactyla*, *Rana tigrina* and *Rana cyanophlyctis* 47
Properties of lactate dehydrogenase isozymes in *Rana hexadactyla*, *Rana tigrina* and *Rana cyanophlyctis* 53
Effects of x-irradiation on some aspects of protein metabolism in the frog, *Rana hexadactyla* 381

Rana tigrina
Natural variation in the levels of ammonia, urea and some selected enzymes in hepatic tissue of *Rana hexadactyla*, *Rana tigrina* and *Rana cyanophlyctis* 47
Properties of lactate dehydrogenase isozymes in *Rana hexadactyla*, *Rana tigrina* and *Rana cyanophlyctis* 53
Development of mouthparts in the tadpoles of *Rana tigrina* Daud. 127

Random activity
Influence of ambient oxygen on random activity in some freshwater teleosts 537

Rasbora daniconius
Environmental restraints on the food conversion of cyprinid forage fishes : Influence of availability of food on *Rasbora daniconius* (Hamilton) 165

Rattus rattus
Responses of *Rattus* L. to foods previously used in a mixture for poisoning with zinc phosphide 215
Aggressive interactions among wild and domestic rodents 351

Reactivation
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth) 467

Reduviidae
Functional morphology of the fossula spongiosa in some reduviids (Insecta-Heteroptera-Reduviidae) 457

Reduviid bugs
Models for the predatory behaviour of some reduviids from Southern India (Insecta-Heteroptera-Reduviidae) 387

Relative humidity
Temperature and relative humidity inside the mound of *Odontotermes obesus* (Rambur) (Isoptera : Termitidae) 91

Renal appendages
A new dicyemid mesozoan, *Dodecadicyema loligoi* n. gen. n.sp. from the renal appendages of *Loligo* sp. 287

Rhesus monkey
Changes in home ranges of rhesus monkey (*Macaca mulatta*) groups living in natural habitats 515

Rhinomugil corsula
Influence of ambient oxygen on random activity in some freshwater teleosts 537

R. norvegicus
Aggressive interactions among wild and domestic rodents 351

Rodents
Aggressive interactions among wild and domestic rodents 351

Rohu-catla
On the taxonomic characters of two major carp hybrids, catla-rohu and rohu-catla 419

Saccobranchus fossilis
Acute toxicity of five synthetic detergents to *Channa punctatus* and *Saccobranchus fossilis* 75

Safflower yield
Effect on the growth and yield due to the aphid, *Dactynotus sonchi* Linn. in safflower 347

Salivary chromosome photomap
Mitotic complement, salivary chromosome map and chromosomal polymorphism in *Drosophila jambulina* Parshad and Paika 39

Seasonal variations
Seasonal variations in the chemical composition of the catfish, *Heteropneustes fossilis* (Bloch) 191

Shell
Chemical nature of shell in *Barbatia obliquata* (Gray), *Modiolus metcalfei* (Henley), *Pinna* vexillium (Born) and *Mytilopsis sallei* (Recluz) 449

Shredding
Paper shredding behaviour of the Indian gerbil, *Tatera indica indica* (Hardwicke) 9
Socialization
Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata* 101
Social play
Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata* 101
Socio biology
Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata* 101
Sperm count
The testicular and epididymal changes in the soft-furred field rat, *Millardia meltada* (Gray) in relation to some environmental factors 303
Sphaerocystis odontotermi n.sp.
A new species of septate gregarine, *Sphaerocystis odontotermi* n.sp. from the gut of a xylophagous termite, *Odontotermes* sp. 25
Spodoptera litura
The effect of topical and oral administration of a juvenoid to the last instar larva of *Spodoptera litura* Fabr. 359
Squirrel
Laboratory evaluation of poison-base for the control of *Funambulus pennanti* 227
Starvation
Environmental restraints on the food conversion of cyprinid forage fishes: Influence of availability of food on *Rasbora daniconius* (Hamilton) 165
Stinger
Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heteromatrus fulvipes* 29
Stomach
Anatomy, histology and some aspects of histochemistry of the stomach in two primitive Microchiroptera 563
Sublethal dose
Effects of x-irradiation on some aspects of protein metabolism in the frog, *Rana hexadactyla* 381
Sulphur-35
Gonadal cell kinetics in male mice treated with sulphur-35 during prenatal development 527
Suncus murinus viridescens
Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* 467
Synaptic properties
Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heterometrus fulvipes* 29
Synthetic detergents
Acute toxicity of five synthetic detergents to *Channa punctatus* and *Saccobranchus fossilis* 75

Tadpoles
Development of mouthparts in the tadpoles of *Rana tigrina* Daud. 127
Tatera indica
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
Aggressive interactions among wild and domestic rodents 351
Taxonomic account
Records of two known and one new species of *Drosophila* (Drosophilidae : Diptera) from India 85
Taxonomic characters
On the taxonomic characters of two major carp hybrids, catla-rohu and rohu-catla 419
Taxonomy
Drosophila fauna of Nagarhole, South India, including description of a new species (Diptera : Drosophilidae) 235
Teleost
Changes of chemical composition of water in two fish forming ponds with air-breathing teleosts 1
Tenet hairs
Functional morphology of the fossula spongiosa in some reduviids (Insecta-Heteroptera-Reduviidae) 457
Tergal gland
Tergal gland and its probable role in sex attraction in the termite, *Postelectrotermes nayari* 551
Testicular, epididymal changes
The testicular and epididymal changes in the soft-furred field rat, *Millardia meltada* (Gray) in relation to some environmental factors 303
Thelohania limbata n.sp.
Two new species of microsporidia from the larvae of *Tramea limbata* (Odonata : Insecta) 531
Therea petiveriana (L.)
Association of ocelli with the neuroendocrine system of *Therea petiveriana* (L.) (Blaberoidea : Polyphagidae) 147
Tibial pad
Functional morphology of the fossula spongiosa in some reduviids (Insecta-Heteroptera-Reduviidae) 457

Tilapia mossambica
Influence of ambient oxygen on random activity in some freshwater teleosts 537
Toxicity
Biological performance of some organophosphorus insecticides against *Quadraspidiotus perniciosus* Comstock on apple 597
Training
Effect of *in vivo* muscular stimulations VII : Some aspects of ammonia metabolism of amphibian brain during muscular exercise and training 377
Tramea limbata
Two new species of microsporidia from the larvae of *Tramea limbata* (Odonata : Insecta) 531
Transect sampling
Ecology of *Heteromastus similis* Southern 1921 (Polychaeta : Capitellidae) in the Vasishta Godavari estuary 407
Triatoma rubrofasciata
Models for the predatory behaviour of some reduviids from Southern India (Insecta-Heteroptera-Reduviids) 387
Trypanosoma channai
Two new species of trypanosomes, *Trypanosoma channai* n.sp. from *Channa punctata* and *Trypanosoma qadrii* n.sp. from *Clarias batrachus* 371
Trypanosoma qadrii
Two new species of trypanosomes, *Trypanosoma channai* n.sp. from *Channa punctata* and *Trypanosoma qadrii* n.sp. from *Clarias batrachus* 371
Vacor
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
Zinc phosphide and vacor induced bait shyness and its persistence in *Mus platythrix* 221
X-irradiation
Effects of x-irradiation on some aspects of protein metabolism in the frog, *Rana hexadactyla* 381
Xylophagous termite
A new species of septate gregarine, *Sphaerocystis odontotermi* n.sp. from the gut of a xylophagous termite, *Odontotermes* sp. 25
Zinc phosphide
Haematological studies on two rodents after zinc phosphide and vacor poisoning 183
Zinc phosphide and vacor induced bait shyness and its persistence in *Mus platythrix* 221
Zygeilla indica sp.nov.
Studies on spiders of the genus *Zygeilla* Cambridge from India (Araneae : Araneidae) 243
Zygeilla melanocrania (Thorell)
Studies on spiders of the genus *Zygeilla* Cambridge from India (Araneae : Araneidae) 243

Proceedings of the Indian Academy of Sciences

Vol. 89, January–December 1980

CONTENTS (Plant Sciences)

On the origin of vascular cambium in dicotyledonous stems
B G L Swamy and K V Krishnamurthy 1

Developmental anatomy of some oil-yielding plants. III. The seedling shoot apex
Suresh C Goyal, K Y Kavathekar, S Satija and A Pillai 7

Aeromycology of cotton fields. Sampling through cylinder spore trap
S S Wadje and K S Deshpande 15

Stomata in the pericarp of *Brassica oleracea* var. *botrytis* Linn. and *Eruca sativa* Mill
B B Arora and L C Lamba 23

Studies in Pteridophytes XVII. Ontogenetic study on the shoot apex of *Botrychium lanuginosum* (Wall.)
S Bhambie and Parkash Madan 29

EMS induced A and B chromosome translocation in pearl millet
K Pushpa 37

Influence of age of rice plant at inoculation time on the build-up of the lance nematode (*Hoplolaimus indicus* Sher, 1963)
K V Ramana, J S Prasad and Y Seshagiri Rao 43

Ontogeny and morphology of the tuber of *Dioscorea floribunda* Mart. et Gal.
O P Sharma 47

Translocation of Southern sunnhemp mosaic virus in *Crotalaria juncea* L.
J J Solomon and C B Sulochana 57

Germination of Himalayan alpine and temperate *Potentilla*
J K Semwal and A N Purohit 61

Longevity of secondary phloem in *Delonix regia.* Rafin
A K M Ghouse and Shamima Hashmi 67

Effect of some proanthocyanidins and catechins on the growth of *Lemna paucicostata* Hegelm
K V N Rao, S Seeta Ram Rao, K Nageswara Rao and G Srimannarayana 73

Errata 78

Isolation of intact mesophyll protoplasts from the leaves of higher plants for photosynthetic studies
K P Chellappan and A Gnanam 79

Pharmacognostic studies of *Dillenia indica* Linn. II—Fruit and seed
Usha Shome, R K Khanna and H P Sharma 91

Seasonal variation in mineral composition of Thompson Seedless and Perlette grapevines
A S Bindra, A S Rehalia and S S Brar 105

Histochemical study of *Capsicum annuum* L. root galls incited by *Meloidogyne incognita* Chitwood
P C Trivedi and B Tiagi 109

Some observations of interspecific hybrids of *Solanum melongena* L.
G R Rao and Anil Kumar 117

Impact monitoring of pesticide residues: Rice plant (*Oryzae sativa* L.)
N Kannan, K Anbalagan and J Jayaraman 123

Culturing *Sclerospora sorghi* in callus tissue of sorghum
K M Kaveriappa, K M Safeeulla and C G Shaw 131

Effect of light on the phenols and related enzymes in the development of fruit in Brinjal
P M Mehta and K Bhavannarayana 139

Seed and fruit development in *Vigna*
H M Behl and B Tiagi 143

Ecological and *in vitro* studies on the soil mycoflora of mango orchards
V P Dube, M U Charaya and Pratibha Modi 151

Growth rates of *Salvinia molesta* Mitchell with special reference to salinity
O Divakaran, M Arunachalam and N Balakrishnan Nair 161

Anomalous stomatal features in great millet
J D Patel, I L Kothari and K Vishnu Bhat 169

Effect of gamma irradiation on morphology of leaf and shoot apex of ginger, turmeric and mango ginger
E C Raju, J D Patel and J J Shah 173

On the identity and nomenclature of *Lindsaea heterophylla* Dryand and *Lindsaea heterophylla* Bedd
R D Dixit and B Ghosh 179

Saitoa, a new genus of Plectomycetes
C Rajendran and B N Muthappa 185

Chemotaxonomic studies in *Cynodon dactylon* L. Pers. complex II. Flavonoid patterns and ascorbic acid content
S K Sachdeva and M S Bhatia 193

Effect of micronutrients and their interactions on growth and alkaloid production in *Catharanthus roseus* (L.) G. Don
K P Sri Vasuki, V S Rao and K V N Rao 197

Growth potential of *Spirulina*, a blue green alga in sewage
P R Chaudhari, K P Krishnamoorthi and M Vittal Rao 203

Embryology of two species of *Dentella* (*Dentella repens* and *Dentella serpyllifolia*)
H Maheswari Devi and P V S N G Krishnam Raju 213

Floral anatomy and embryology of some species of *Cuscuta* L.
C M Govil and Seshu Lavania 219

Trichomes occurring on floral parts in some Indian and African species of *Crotalaria*
Mohini Gupta 229

Cytogenetic studies on the weed species of *Eupatorium* found in Meghalaya, India
Aidrolin Khonglam and Avtar Singh 237

Growth and grain yield of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management
K Gopalakrishna Pillai and Rajat De 243

Nutrient uptake of rice variety *Jaya* at different levels and timings of nitrogen application under two systems of water management
K Gopalakrishna Pillai and Rajat De 257

Air spora of groundnut fields
K V Mallaiah and A S Rao 269

Effect of pre-inoculation treatments with some heavy metal salts and amino acids on brown spot disease in rice seedlings
N Trivedi and A K Sinha 283

Rice necrosis mosaic
Subrata Kumar Ghosh 291

Influence of trace elements and organic growth factors on the growth of *Penicillium crustosum* Thom.
S S Chahal and G S Rawla 301

Ecological and phytogeographical observations of the ferns and fern-allies of Nagpur block (Chamoli Garhwal), Western Himalayas
D K Awasthi and M P Sharma 307

Hydrolase and oxido-reductase activities during embryogeny of okra, *Abelmoschus esculentus* (L.) Moench
Prem Lata Bhalla, M B Singh and C P Malik 315

Light-mediated amylase synthesis in the petal epidermis of gladiolus
I V Ramanuja Rao and H Y Mohan Ram 323

Morphological and anatomical studies of the floral gall of *Pongamia glabra* Vent. Fabaceae (= Papilionaceae)
E Govindarajalu and T A Lourdusamy 331

Comparative morphology and taxonomic value of foliar sclereids in *Garrya* Dougl. ex Lindley (Garryaceae)
T Ananda Rao and Silpi Das 347

Embryological studies in *Eleutherine plicata* Herb. and *Belamcanda chinensis* Lem.
J Venkateswarlu, P Sarojini Devi and A Nirmala 361

Structural design of the fruit of *Solanum tuberosum* L.
Y S Dave, N D Patel and K S Rao 369

Role of cytokinins during apical dominance release by morphactin in *Glycine max* L.
I S Dua and H S Dhuria 375

Apical organisation and vascular differentiation in *Microlepia* in relation to stelar architecture
B K Nayar and M J Molly 381

Selective induction of chlorosis by amitrole in young leaves of *Canna edulis* Ker.
M Vivekanandan 395

Numerical taxonomy in the genus *Setaria* (L.) Beauv.
J Chikara and P K Gupta 401

Karyological annotation on *Limnophyton obtusifolium* (L.) Miq.
K Rangaswami Ayyangar and R Sampathkumar 407

Effect of potassium deficiency on growth and metabolism of peanut (*Arachis hypogaea* L.) plants
S K Mahaboob Basha and G Rajeswara Rao 415

Comparative biology of two closely related species of *Euphorbia*—Competitive relationships
P S Ramakrishnan and C Kanta 421

Pollen-carriers of Periplocaceae and their systematic value
Govindappa D Arekal and T M Ramakrishna 429

Ontogeny of stomata in some Nymphacaceae
Parveen Farooqui (Nee Kidwai) 437

Studies in Bignoniaceae. VII. Wood anatomy
D K Jain and V Singh 443

Influence of kinetin and morphactin on changes in sex expression, carbohydrate and nitrogen fractions in castor (*Ricinus communis* L.)
N Raja Kumar and P Gopala Rao 457

Reproductive isolation between *Chlorophytum glaucum* Dalz. and *C. glaucoidus* Blatt
V N Naik and S M Nirgude 465

Numerical tax nomic studies on the genus *Cephaleuros* Kunze.
N. Anand and G Jose 473

Studies on salt tolerance of ragi (*Eleusine coracana* Gaertn). 1. Germination and free proline accumulation
S Venkateswara Prasad, G Gururaja Rao and G Rajeswara Rao 481

Seasonal prevalence of the rice root nematode *Hirschmanniella mucronata* Das 1960
N K Mahapatra and Y Seshagiri Rao 485

Histopathology of rotting fruits of orange and guava
S B Desai, I L Kothari and J D Patel 491

Inheritance of some qualitative characters in chickpea (*Cicer arietinum L.*)
N K Rao, R B S Pundir and L J G Van Der Maesen 497

Studies on the ecology of *Salvinia molesta* Mitchell : B. faunal associates of lentic and lotic habitats
M Arunachalam, O Divakaran and N Balakrishnan Nair 505

Studies on the life cycle and ecology of *Salvinia molesta* Mitchell
O Divakaran, M Arunachalam, T Murugan and N Balakrishnan Nair 519

Proceedings of the Indian Academy of Sciences

Vol. 89, January–December 1980

CONTENTS (Animal Sciences)

Changes of chemical composition of water in two fish farming ponds with air-breathing teleosts
B B Jana and R N Das 1

Paper shredding behaviour of the Indian gerbil, *Tatera indica indica* (Hardwicke)
P Vasanta Kumari and Jamil Ahmad Khan 9

Air breathing of *Colisa fasciata* (Schneider)
Saleem Mustafa and K V Abdul Mubarak 21

A new species of septate gregarine, *Sphaerocystis odontotermi* n.sp. from the gut of a xylophagous termite, *Odontotermes* sp.
C Kalavati and C C Narasimhamurti 25

Morphology and physiology of giant fibres in the seventh abdominal ganglion of the scorpion *Heterometrus fulvipes*
K Yellamma, P Murali Mohan and K Sasira Babu 29

Mitotic complement, salivary chromosome map and chromosomal polymorphism in *Drosophila jumbulina* Parshad and Paika
Pritam S Rajput, Ravi Parkash and G S Miglani 39

Natural variation in the levels of ammonia, urea and some selected enzymes in hepatic tissue of *Rana hexadactyla, Rana tigrina* and *Rana cyanophlyctis*
V Lakshmipathi and K V Ramana Rao 47

Properties of lactate dehydrogenase isozymes in *Rana hexadactyla, Rana tigrina* and *Rana cyanophlyctis*
V Lakshmipathi, K S Swami and K V Ramana Rao 53

Life fecundity tables for *Heliothis armigera* Hubner (Lepidoptera: Noctuidae) on sorghum earhead
G G Bilapate and V M Pawar 69

Acute toxicity of five synthetic detergents to *Channa punctatus* and *Saccobranchus* fossilis
S R Verma, N Pal, A K Gupta, S K Bansal, A K Tyagi, M C Bhatnagar and R C Dalela 75

Records of two known and one new species of *Drosophila* (Drosophilidae: Diptera) from India
Y N Dwivedi and J P Gupta 85

Temperature and relative humidity inside the mound of *Odontotermes obesus* (Rambur) (Isoptera: Termitidae)
V B Agarwal 91

Changing patterns of behaviour during the early stages of bonnet monkey *Macaca radiata*
Mewa Singh, P Prakash and Raghubir Singh Pirta 101

Utilisation of carbohydrates in the heart of the scorpion *Heterometrus fulvipes* (C L Koch)
V Jayaram and B Padmanabha Naidu 109

Numerical variations of chromosomes in the natural populations of Indian acridids
M Edward Gururaj and M R Rajasekarasetty 113

Development of mouthparts in the tadpoles of *Rana tigrina* Daud
S K Agarwal and I A Niazi 127

Morphological and histochemical changes in the follicular epithelium during follicular growth in the crow *Corvus splendens*
R K Chalana and S S Guraya 133

Malamoeba indica n.sp. from the Malpighian tubules of *Poecilocera picta*
C C Narasimhamurti and S Nazeer Ahmed 141

Association of ocelli with the neuroendocrine system of *Therea petiveriana* (L.) (Blaberoidea: Polyphagidae)
D Livingstone and M Rajambal 147

Morphology of the copepodid stage of three marine lernaeopodids (Crustacea : Copepoda) from the South-West Coast of India
A Chandran and N Balakrishnan Nair 155

Environmental restraints on the food conversion of cyprinid forage fishes: Influence of availability of food on *Rasbora daniconius* (Hamilton)
R Nagendran, R Ponnuchamy and Katre Shakuntala 165

Diurnal fluctuations in the physico-chemical conditions of the Shatt al-Arab and the Ashar Canal
A L Sarker, S K Al-Nasiri and S A Hussein 171

Haematological studies on two rodents after zinc phosphide and vacor poisoning
K Srihari and Shakunthala Sridhara 183

Seasonal variations in the chemical composition of the catfish *Heteropneustes* fossilis (Bloch)
Kalpana D Shreni 191

Studies on isozyme variations in a few members of *Drosophila nasuta* subgroup
S R Ramesh and M R Rajasekarasetty 197

Responses of *Rattus rattus* L. to foods previously used in a mixture for poisoning with zinc phosphide
Devendra Bhardwaj and Jamil Ahmad Khan 215

Zinc phosphide and vacor induced bait shyness and its persistence in *Mus platythrix*
Shakunthala Sridhara and K Srihari 221

Laboratory evaluation of poison-base for the control of *Funambulus pennanti*
B K Soni, I Prakash and R P Mathur 227

Drosophila fauna of Nagarhole, South India, including description of a new species (Diptera: Drosophilidae)
H S Prakash and G Sreerama Reddy 235

Studies on spiders of the genus *Zygeilla* Cambridge from India (Araneae: Araneidae)
B K Tikader and Animesh Bal 243

Description of a new species of spider of the genus *Neoscona* (Family: Araneidae) from India and some observations on intraspecific colour variation
B K Tikader 247

Shrimps of the genus *Acetes* H. Milne Edwards (Crustacea, Decapoda, Sergestidae) from the estuarine system of river Krishna
K Ravindranath 253

Studies on life span, growth increments and energy budget of the freshwater snail *Pila globosa* (Swainson) in an artificial pond
M A Haniffa 275

A new dicyemid mesozoan, *Dodecadicyema loligoi* n.gen. n.sp. from the renal appendages of *Loligo* sp.
C Kalavati and C C Narasimhamurti 287

A new species of *Proteromonas, P. grassei* n.sp. from the gut of *Hemidactylus prashadi* Smith
B Saratchandra and C C Narasimhamurti 293

On the occurrence of *Prosogonotrema carangi* Velasquez 1961 in the teleost *Monacanthus monoceros* (Day) of Waltair Coast with a note on the family *prosogonotrematidae*
Syed Altaf Hussain and K Hanumantha Rao 297

The testicular and epididymal changes in the soft-furred field rat, *Millardia meltada* (Gray) in relation to some environmental factors
P A Dechamma and N H Gopal Dutt 303

Mutagenic effects of certain common metal toxicants on mammalian systems
Ashok Kumar Giri, Ratna Banerjee, Geeta Talukder and Archana Sharma 311

Studies on the ontogenetic changes in the isozymes in *Drosophila nasuta nasuta* and *Drosophila sulfurigaster neonasuta*
M R Rajasekarasetty, L Siddaveere Gowda, N B Krishnamurthy and H A Ranganath 333

Effect on the growth and yield due to the aphid, *Dactynotus sonchi* Linn. in safflower
D S Suryawanshi and V M Pawar 347

Aggressive interactions among wild and domestic rodents
Shakuntala Sridhara, A Uma Narasimham and R V Krishnamoorthy 351

The effect of topical and oral administration of a juvenoid to the last instar larva of *Spodoptera litura* Fabr.
U S Srivastava and S S Prasad 359

Two new species of trypanosomes, *Trypanosoma channai* n.sp. from *Channa punctata* and *Trypanosoma qadrii* n.sp. from *Clarias batrachus*
C C Narasimhamurti and B Saratchandra 371

Effect of *in vivo* muscular stimulations VII : Some aspects of ammonia metabolism of amphibian brain during muscular exercise and training
P Reddanna and S Govindappa 377

Effects of x-irradiation on some aspects of protein metabolism in the frog, *Ranahexadactyla*
G Rajarami Reddy and K Sasira Babu 381

Models for the predatory behaviour of some reduviids from Southern India (Insecta—Heteroptera—Reduviidae)
E T Haridass and T N Ananthakrishnan 387

Effect of copper contaminated food on the growth (biomass) of *Channa gachua* (Ham.)
V B Marathe and S S Deshmukh 403

Ecology of *Heteromastus similis* Southern 1921 (Polychaeta: Capitellidae) in the Vasishta Godavary estuary
D Srinivasa Rao 407

Quinisulcius punici (Tylenchorhynchidae: Tylenchida), a new nematode species from India
N K Gupta and Uma 415

On the taxonomic characters of two major carp hybrids, Catla-Rohu and Rohu-Catla
P Konda Reddy and T J Varghese 419

Copepod parasites of fishes of Waltair coast: Anatomy of the female reproductive system of *Pseudocycnus appendiculatus* Heller, 1865
D V Uma Devi, K Shyamasundari and K Hanumantha Rao 431

Morphology of the male of *Pseudocharopinus narcinae* (Pillai) (Copepoda: Lernaeopodidae)
A Chandran and N Balakrishnan Nair 441

Chemical nature of shell in *Barbatia obliquata* (Gray), *Modiolus metcalfei* (Henley), *Pinna vexillum* (Born) and *Mytilopsis sallei* (Recluz)
Anisa Banu, K Shyamasundari and K Hanumantha Rao 449

Functional morphology of the fossula spongiosa in some reduviids (Insecta—Heteroptera—Reduviidae)
E T Haridass and T N Ananthakrishnan 457

Effect of castration and oral administration of sex hormones on some specialised integumentary glands of the male musk shrew, *Suncus murinus viridescens* (Blyth)
M Balakrishnan and K M Alexander 467

Myxobolus vanivilasae n.sp. parasitic in *Cirrhina mrigala* (Hamilton)
D Seenappa and L Manohar 485

Relative fecundity of *Labeo gonius* (Ham.) from Nanaksagar reservoir
S N Joshi and S S Khanna 493

Tissue changes in the pancreas of guinea pigs immunised with insulin
P S R Murthy, P K Jain and S K Mukherjee 505

Changes in home ranges of rhesus monkey (*Macaca mulatta*) groups living in natural habitats
Raghubir Singh Pirta and Mewa Singh 515

Gonadal cell kinetics in male mice treated with sulphur-35 during prenatal development
K Satyanarayana Reddy, P P Reddy and O S Reddi 527

Two new species of microsporidia from the larvae of *Tramea limbata* (Odonata: Insecta)
C C Narasimhamurti, S Nazeer Ahamed and C Kalavati 531

Influence of ambient oxygen on random activity in some freshwater teleosts
M Peer Mohamed and M N Kutty 537

Metabolic disturbances caused by *Raillietina tetragona* (Cestoda) infection in domestic fowl : Effect of infection on certain aspects of protein metabolism
K Vijayakumaran Nair and A M Nadakal 543

Tergal gland and its probable role in sex-attraction in the termite, *Postelectrotermes nayari*
R V Varma 551

Karyotypic studies in *Garra lamta* and *Mystus cavassius* (Pisces)
A R Khuda-Bukhsh, S K Gupta and S Goswami 557

Anatomy, histology and some aspects of histochemistry of the stomach in two primitive microchiroptera
S A Bhide 563

Life table for the gram pod borer, *Heliothis armigera* Hbn. on three pulse corps
N Dhandapani and M Balasubramanian 575

Influence of climate on the population of three milkweed bugs in South India (Heteroptera: Lygaeidae)
K Thangavelu 579

Biological performance of some organophosphorus insecticides against *Quadraspidiotus perniciosus* Comstock on apple
A K Thakur and S F Hameed 587

Development of orienting behaviour in the Indian gerbil *Tatera indica indica* (Hardwicke)
P Vasanta Kumari and Jamil Ahmed Khan 603
